

Hello Everyone,

I am directing this email to both Calumet Region Photo Club members and those outside of our club who have previously registered for the 11<sup>th</sup> Annual CRPC Clinic on March 28, 2020.

I'm hoping this email finds that everyone safe and healthy and that you are finding interesting and productive ways to deal with this crisis in which we currently find ourselves. I have found it has been a good time to focus on photography and improving my postprocessing skills. It keeps me away from the news and all the stress that seems to abound virtually everywhere.

Well, I have a little bit of good news to hopefully brighten your day. We have been able to move the clinic to an alternate date which is **July 18, 2020**. We have confirmed with Adam Jones that he is available on that date as well and we have once again secured the Visual and Performing Art Center as the venue for clinic day. We are planning additional publicity and an increased PR effort in order to inform and attract others to the clinic.

I am hopeful that all who have registered previously will be able to attend the clinic on the new date of July 18, 2020. Everything that we had planned for the original clinic day will be extended to the new clinic date. I would encourage everyone to consider bringing a friend to the clinic as I'm sure it will be an interesting and fun day for all. If, by chance, the date does not work out for you, we would, of course, refund your registration fee upon request. I hope to see you at the clinic, if not before.

Thank you for your patience. I am looking forward to a great day and I hope you are as well.

Raleigh Wolfe

President

Calumet Region Photo Club
