Gail thanked Michael Kobe for the touching memorial he wrote for Raleigh Wolfe, which appeared in our newsletter.

She's looking for a place where we can have an in-person Christmas meeting/party.

- The Mylinda Caine Competition is open and members can upload up to 3 images by Nov. 29. Member judging will start Dec. 6 and end on Dec. 19; the winner will be announced at our First meeting in December.
- Michael Kobe gave an update of the birds currently at Jasper Pulaski. Numbers are down this year, but 3961 Sandhill Cranes were counted recently in one day.

Richard Fox was scheduled to give the presentation tonight, but due to health concerns, will give that program at a later date.

Michael Kobe graciously agreed to give his presentation on "Why Photograph Flowers? Flower Photography Techniques."

We thanked Michael for the wonderful program he gave. He presented a lot of valuable information complete with photographs to demonstrate the many tips he gave us.

Meeting adjourned.

Respectfully submitted,

Thea De Vries, secretary
